### SCULPTURE GARDEN GALLERY

The Sculpture Garden Gallery, located on the first floor of the Bridgeport Art Center, defines raw urban elegance with a decor that emphasizes reconstruction and refurbished elements and finishes. The architectural elements from this historic 1911 building include timber construction, exposed brick and generous ceiling heights. The elements within the interior that give the space life vary from reclaimed wood and steel to rustic industrial restroom finishes.

Sculpture Garden Gallery's 4,500 sq.ft. fully covered outdoor space is finished with recycled slate ground cover and artistic sculptures from various artists supported by Bridgeport Art Center.

Whether planning a social cocktail gathering for 50, a nonprofit gala with sit-down dinner for 500 guests, or a corporate event for 900 minglers, the 12,000 sq. ft. open rustic-chic space can be transformed for any occasion that demands an exceptional setting.

### SKYLINE LOFT

Walking in to the Bridgeport Art Center Skyline Loft space, you are immediately struck by the stunning views of the Chicago skyline and the raw urban elegance. Located on the 5th floor of the Bridgeport Art Center, it is one of the most unique spaces in Chicago.

With timber construction, exposed brick, and soaring ceilings – consistent throughout the building – and breathtaking views of the Chicago skyline, the Bridgeport Art Center is the ultimate space for any social event. It's 18,000 sq. ft. open event space offers ample room for a large nonprofit gala, corporate trade show, or a company product launch.
